

# Creating a Newsroom Post

These posts can be created using a variety of types of information: articles, announcements, photos, alerts, testimonials, member features, notification that site content has been updated, event information and follow-ups, videos, news from Chamber partners, etc. Posts do not need to be a particular length, just well considered and interesting. It is HIGHLY ENCOURAGED that the Chamber create a brief set of guidelines regarding information that will be posted in the News Room.

*This title will show as the title of the post (the date will be inserted automatically)*

Chamber Members Welcome at Business Advocacy Council

Today's Business Advocacy Council meeting will give us a great update on how the City is consolidating its Community Development Department with Business Development, the new Downtown Business Association & Main Street Organization efforts, and the future of the Economic Gardening Program.

All Business Advocacy Council Meetings are open to all members (appointed or not!). If you "get" the connection between monitoring regulations, ensuring business has input at the table on issues such as transportation, taxation and more...you should come and participate. All ideas and opinions are welcome.

Our BAC focuses on issues that directly impact businesses that most owners/managers do not have time to stay on top of but count on the Chamber to do so and be their voice.

We meet monthly on the first Thursday at 7:30am - 8:30am in our down stairs conference room. Feel free to contact Lorraine if you have any questions or would like to be considered for appointment for 2012. We'd love to have you.

Add your content here.
